**Education**

- 2010 - 2015, H.S. Skovoroda Kharkiv National Pedagogical University, obtained Master's degree in Physics, Computer Science.

**Additional information**

I've released in production over 30 websites.

I have experience in developing web applications (SPA + SSR) using such JavaScript frameworks as ReactJS, NextJS, NodeJS (Express).

Creation of code that is valid, cross-browser, rubber, and adaptive to different screen resolutions. Ability to work both in a team and independently. Purposeful, self-motivated, and sociable, able to work within strict deadlines, and think outside the box. I seek to constantly enhance my professional skills and adopt new practices that can benefit the quality of my work.
